RELATES TO: KRS 45.357, 194A.010, [~~194A.050(1),~~] 194A.060, 194A.070, 45 C.F.R. Part 96 Subpart H, 42 U.S.C. 8621-8627, 42 U.S.C. 9902(2)

STATUTORY AUTHORITY: KRS 194A.050(1), 42 U.S.C. 8621

## REGULATORY IMPACT ANALYSIS AND TIERING STATEMENT

Contact persons: Laura Begin and Krista Quarles

(1) Provide a brief summary of:

(a) What this administrative regulation does: This administrative regulation establishes the eligibility and benefits criteria for the Low Income Home Energy Assistance Program (LIHEAP) in Kentucky.

(b) The necessity of this administrative regulation: This administrative regulation is necessary to establish the eligibility and benefits criteria for LIHEAP.

(c) How this administrative regulation conforms to the content of the authorizing statutes: This administrative regulation conforms to KRS 194A.050, which authorizes the secretary of the Cabinet for Health and Family Services to promulgate administrative regulations necessary to qualify for federal funds and to cooperate with other state and federal agencies. The cabinet has the responsibility under 42 U.S.C. 8621 to implement the LIHEAP program.

(d) How this administrative regulation currently assists or will assist in the effective administration of the statutes: This administrative regulation assists in the effective administration of the statutes by establishing eligibility and benefits criteria for the implementation and operation of LIHEAP.

(2) If this is an amendment to an existing administrative regulation, provide a brief summary of:

(a) How the amendment will change this existing administrative regulation: The amendment changes the existing administrative regulation by increasing program cooling component benefits due to a federal funding award increase in Low Income Home Energy Assistance Program (LIHEAP) block grant funds. The emergency version of this amendment is necessary in order to immediately utilize federal Coronavirus Aid, Relief, Economic Security (CARES) Act funding and American Rescue Plan Act funding as the Acts authorize states to adjust LIHEAP services furnished during fiscal years 2020 and 2021, including services furnished with the state's regular LIHEAP appropriations during those years. The increase in services available that assist in paying for heating and cooling are especially needed for households that may be experiencing economic hardships due to the COVID-19 pandemic. This amendment is deemed to be an emergency pursuant to KRS 13A.190(1)(a)1. and 2., as these services will protect human health, safety, and welfare through providing assistance in paying for summer cooling and federal funding will be lost if not used as soon as possible. The amendment also deletes the requirement that air conditioning units provided through the program be window units only.

(b) The necessity of the amendment to this administrative regulation: The amendment is necessary in order to utilize federal funding awarded specific to this program that must be used this fiscal year.

(c) How the amendment conforms to the content of the authorizing statutes: The amendment conforms to the authorizing statutes by maintaining standards for program eligibility, benefit provisions, and compliance.

(d) How the amendment will assist in the effective administration of the statutes: The amendment allows for greater utilization of LIHEAP in Kentucky, but maintains all program requirements consistent with federal and state law.

(3) List the type and number of individuals, businesses, organizations, or state and local governments affected by this administrative regulation: The cabinet holds a master agreement with Community Action Kentucky (CAK), which subcontracts with twenty-two community action agencies and one local government to provide LIHEAP benefits throughout Kentucky's 120 counties. In FFY 2020, Kentucky served over 314,000 households through LIHEAP heating and cooling subsidy and crisis components.

(4) Provide an analysis of how the entities identified in question (3) will be impacted by either the implementation of this administrative regulation, if new, or by the change, if it is an amendment, including:

(a) List the actions that each of the regulated entities identified in question (3) will have to take to comply with this administrative regulation or amendment: No new actions are required. Applicants who meet the program eligibility requirements contained in this administrative regulation may receive additional assistance relating to summer utility cooling.

(b) In complying with this administrative regulation or amendment, how much will it cost each of the entities identified in question (3): Costs associated with providing LIHEAP services will be absorbed within the sub-award of the federal LIHEAP block grant. Implementing this amendment will be paid by additional federal LIHEAP funds awarded to Kentucky.

(c) As a result of compliance, what benefits will accrue to the entities identified in question (3): Applicants who meet the program eligibility requirements contained in this administrative regulation may receive additional assistance relating to summer utility cooling.

(5) Provide an estimate of how much it will cost the administrative body to implement this administrative regulation:

(a) Initially: The U.S. Department of Health and Human Services allocates LIHEAP funding annually to states. No general funds are used in the implementation of this administrative regulation as LIHEAP is funded 100% by federal funds. American Rescue Plan Act funding in the amount of \$61.5 million dollars was awarded to Kentucky for this program.

(b) On a continuing basis: The cabinet will ensure that the programs and state administrative activities funded under the LIHEAP block grant are within federal appropriations.

(6) What is the source of the funding to be used for the implementation and enforcement of this administrative regulation: The implementation and enforcement of this administrative regulation is 100% federally funded. No general funds are used in administering LIHEAP. The source of these funds is the LIHEAP block grant, CARES Act funding, and American Rescue Plan.

(7) Provide an assessment of whether an increase in fees or funding will be necessary to implement this administrative regulation, if new, or by the change if it is an amendment: No increase in fees or funding is necessary to implement this administrative regulation. The cabinet will implement and enforce this administrative regulation in subsequent years within federal appropriations for LIHEAP.

(8) State whether or not this administrative regulation established any fees or directly or indirectly increased any fees: This administrative regulation does not directly or indirectly establish or increase fees.

(9) TIERING: Is tiering applied? Tiering is not applied because this administrative regulation will be applied in a like manner statewide.

## FEDERAL MANDATE ANALYSIS COMPARISON

1. Federal statute or regulation constituting the federal mandate. 42 U.S.C. 8621
2. State compliance standards. KRS 45.357, 194A.010, KRS 194A.050(1)
3. Minimum or uniform standards contained in the federal mandate. 42 U.S.C. 8621
4. Will this administrative regulation impose stricter requirements, or additional or different responsibilities or requirements, than those required by the federal mandate? The amendment does not impose stricter requirements than those required by the federal mandate. However, the current administrative regulation in place imposes additional responsibilities and requirements than those required by federal mandate. This administrative regulation imposes a stricter requirement than the federal mandate because additional reporting requirements are necessary to comply with state law.
5. Justification for the imposition of the stricter standard, or additional or different responsibilities or requirements. Additional reporting requirements are necessary in order to comply with KRS 45.357. The imposition of the additional requirements and responsibilities is necessary to ensure compliance with applicable state laws.
